Bean There. Done That.

## Recapping National Soyfoods Month

The Arkansas Soybean Promotion Board has been saluting National Soyfoods Month all month long, promoting the nutritional benefits and health merits that soy protein and soy oil provide.

In celebration of this year’s event, ASPB partnered with KATV’s *Good Morning Arkansas* to share some of our favorite soy-based recipes each week during April

for viewers across Arkansas to try at home.

Watch all four of our cooking demos by clicking here for quick and easy recipe ideas to help you take advantage of the health and nutritional benefits that come from incorporating more soy into your diet. For more information on National Soyfoods Month [click here](#).

## Arkansas Soybean Farmers Now Eligible For Margin Protection

Arkansas soybean producers are now eligible for Margin Protection insurance under an expansion announced by the Risk Management Agency of the U.S. Department of Agriculture.

RMA’s expansion of the Margin Protection plan will add 1,255 counties nationwide. This will add coverage in 22 states for soybeans for a total of 34 states covered.

# Let's Talk Tofu

## Let's Talk About TOFU

This ancient soy product offers many nutritional benefits, a clean label and a blank canvas for culinary exploration // By Jody Shee

*National Culinary Review* dives into everything tofu in this recent story detailing why innovative chefs consider soy a “blank canvas for culinary exploration.” Tofu mixes with many flavor profiles, so chefs can create everything from comfort food to exotic cuisine. As compared to other plant-based proteins, tofu provides superior nutritional benefits and is a great way to incorporate more soy into diets every day. Read the article now by clicking the button below.
